

Digital thermometer

H 035

With clamping protective sleeve

Precision digital thermometer for temperature measurement in solids liquids and gases.

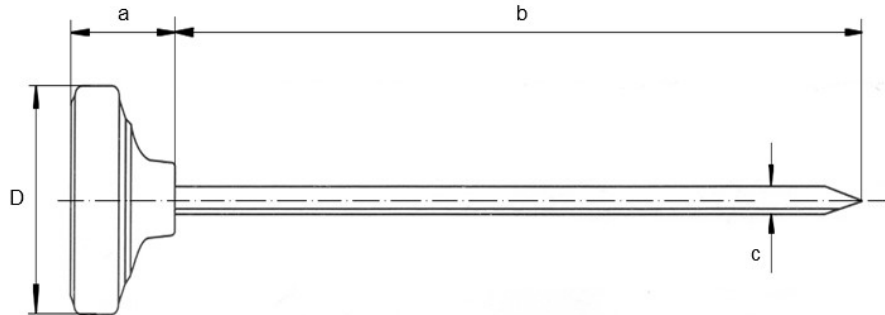

Application:	Cooling and air conditioning technology, food service and industry, laboratory, automobile industry
Nominal size:	35 mm
Stem length:	120 mm
Immersion Stem:	Stainless steel Ø 4 mm
Housing:	Plastic (ABS)
Clamping protective sleeve:	Plastic , red
Measuring range:	-50+150°C
Display:	3½ digits-LCD
Resolution:	0,1°C / 0,1°F
Update time:	10 seconds
Coin cell:	Size 1x393, 1.5 V or equivalent
Accuracy:	± 2°C
Options	Other dyed of clamping protective sleeve Housing in elongate design
