

Digital thermometer

H 036

Precision digital thermometer for temperature measurement in solids liquids and gases

Application: Cooling and air conditioning technology, food service and industry, laboratory, automobile industry

Stem length: 71 mm

Immersion stem: Stainless steel Ø 4 mm

Housing: Plastic (ABS); black with attachment clip

Measuring range: -50+300°C (-58°F+572°F)

Display: 3½ digits LCD

Resolution: 0,1°C / 0,1°F

Coin cell: Ø 11.6 mm, 357A (1,5 V) button cell + or equivalent

Accuracy: ± 2°C from -50°C to +20°C (-58°F-4°F)
± 1°C from -20°C to +200°C (-4°F+392°F)
± 2°C from 200°C to +300°C (392°F+572°F) ± 5°C

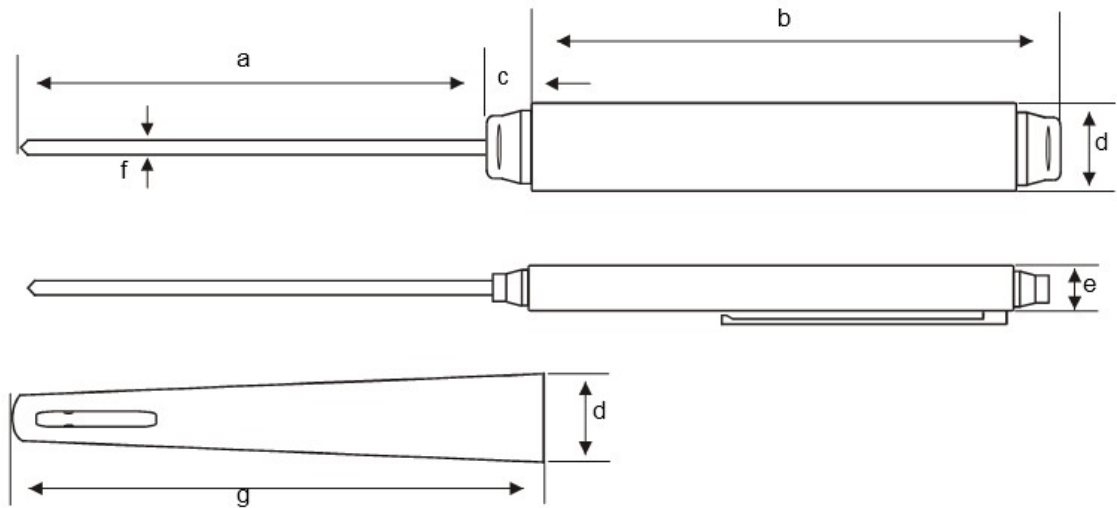

Options:

- ♦ waterproof
